

JUST IMAGINE...

Playtop Street is a unique concept in interactive surfacing.

It is an outdoor area that physically and mentally stimulates and challenges individuals or groups of children and adults – from the age of one to 101!

Playtop Street is an oval shaped play area containing 12 satellites set into Playtop safer surfacing. Each satellite produces a series of colours and sounds when touched by a hand or a foot.

Playtop Street comes with five standard activity games and is perfect for either playing alone, one against one or team against team.

What's more, Playtop Street is made from recycled commercial-vehicle tyres and sports shoes - reinforcing Playtop's commitment to environmental sustainability.

ONE AREA
ONE INVESTMENT
HUNDREDS OF POSSIBILITIES

A NEW WAY TO PLAY

Playtop Street is both fun and exciting and can be played over and over again.

The more familiar the users get with the games, the more challenging the games become.

It is a place where all ages can meet to have fun, laugh, learn and exercise – day after day, week after week.

LET'S HAVE FUN

A NEW WAY TO INTERACT

INTERACTION
ALL AGES

MEETING
POINT

SOCIALISE

MAKING
FRIENDS

ACTIVE AND
PASSIVE
PARTICIPATION

LAUGHING

Playtop Street can be used in any environment and by any age group.

It has no built-in age limits – children, teenagers and adults can play together and learn from each other.

As a meeting point, Playtop Street is perfect for friends to get together to chat, challenge and compete. It's a place where you can make new friends and where fun, teamwork and strategy come together to improve social interaction.

A NEW WAY TO EXERCISE

Playtop Street is the perfect place for both energetic children and active adults.

It is a unique activity area that suits the needs and abilities of all age groups.

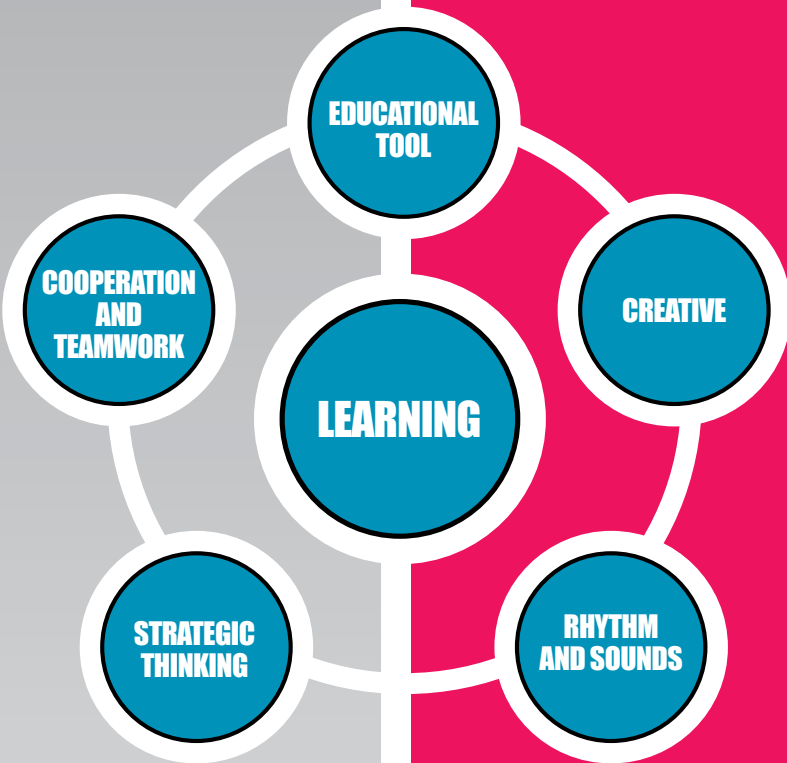

Children find Playtop Street energising, stimulating and motivating – they have so much fun that they forget they are running around. And for the older generation, it's a great way to stay active and feel younger.

No one is too old to enjoy Playtop Street – users set the level and the better they become the faster the games get.

LET'S MOVE

A NEW WAY TO EDUCATE

Playtop Street takes the classroom outside. Perfect for simultaneous learning and movement.

The body and mind work better when they work together and Playtop Street gets children to think, co-ordinate, solve tasks and develop teamwork whilst being physically active.

Children can work together using Playtop Street as a platform for inventing new games and educational tools. Challenge friends, challenge other classes – even challenge teachers!

LET'S TALK DETAIL

Playtop Street:

- Measures 11 metres x 6 metres (35.5 feet x 19.7 feet).
- Is perfect for public parks, schools, nurseries, theme parks, leisure facilities, sports facilities, retail parks and shopping malls.
- Uses 51 square metres (549 square feet) of Playtop impact-absorbing play surfacing.
- Contains 12 satellites (six in each half).
- Includes five pre-set games – Speed, Battle, Impact, Chaser and Tennis.
- Allows users to create their own games using the lights and sounds.
- Can be in any colour and can incorporate company and sponsor logos.
- Uses 24 volt satellites - each with their own processor so no central computer server is required.
- Only needs a 230 volt power supply. Solar and wind power versions are available.
- Is provided as a complete play area including surfacing, satellites and installation.
- Is provided by Playtop, a world-leader in play surfacing having installed over two million square metres in over 50 countries.
- Is supported by over 35 licensees in countries across the world.
